## Education

Massachusetts College of Pharmacy and Health Sciences (MCPHS University Boston)

Doctor of Pharmacy

09/2017 - 05/2023

University of California, San Diego

Master of Data Science

09/2023 - Spring 2025

## Summary

As a PharmD with a passion for medical information and analytics, I'm currently pursuing a Master's in Data Science. I leverage my existing experience working with diverse teams in medical affairs to provide accurate, timely drug information and support clinical decision-making. This experience, combined with my growing data science skills, equips me to contribute to quality improvement projects and enhance patient outcomes through data-driven insights in the pharmaceutical industry and consulting firms.

Skills: Literature Researches, EHR, Cantonese, Mandarin, Python, SQL, R, Microsoft Office suites
